

## CROSSCALL

### Core-X4 certified with OmniPCX Enterprise™ & Rainbow™

Designed for both work and personal use, the CORE-X4 combines an ergonomic design with a high performing system and won't make you choose between the two. Tailored to a broad range of occupational requirements, the CORE-X4 is more than just a mobile phone. Resistant, sleek and high performing, with the latest generation camera lens, the CORE-X4 ticks all the boxes.

#### Integration Overview:

- 5.45" Screen - 18:9 - MIL-STD-810G

### Company Overview:

CROSSCALL, creator of the outdoor mobile technology market, offers waterproof, durable and highly autonomous mobiles and smartphones. The brand designs models perfectly adapted to the hostile and unpredictable environments encountered by athletes and professionals in the field (water, rain, humidity, dust, shocks...); as well as a range of high-performance accessories.

**CAUTION:** This validation provides customers with confidence that a partner's integration with an Alcatel-Lucent Enterprise on-premises platform is functionally sound and performs as designed. This can help customers reduce deployment risk, lower total cost of ownership, and improve the user experience related to the partner's integrated offering.

However, be aware, this document is associated with an InterWorking Report (IWR) available on the ALE Business Portal which give all possible restrictions and limits.
