Try Rainbow Classroom
FREE for three months

Social learning helps your employees engage and reach their potential whether in person, online or in a hybrid environment. Create interactive training that connects from the office, home, or anywhere else, with a simple web browser and internet connection to:

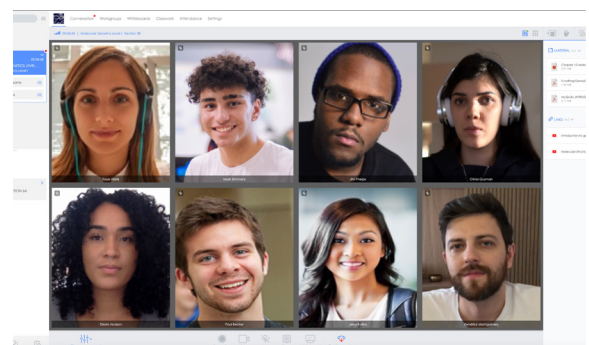

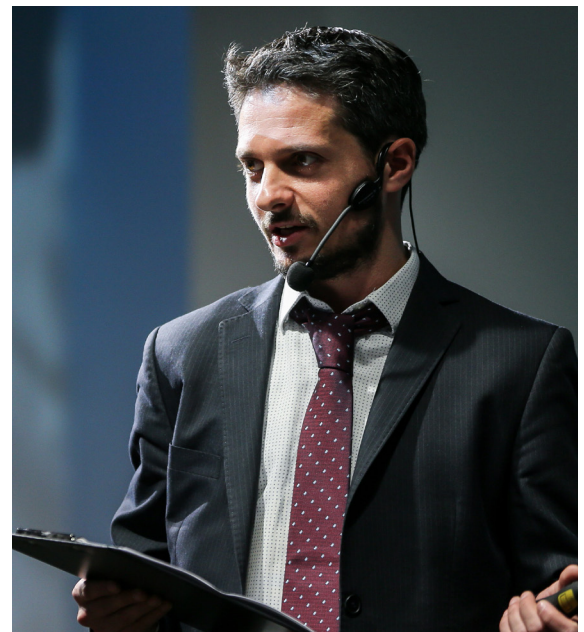

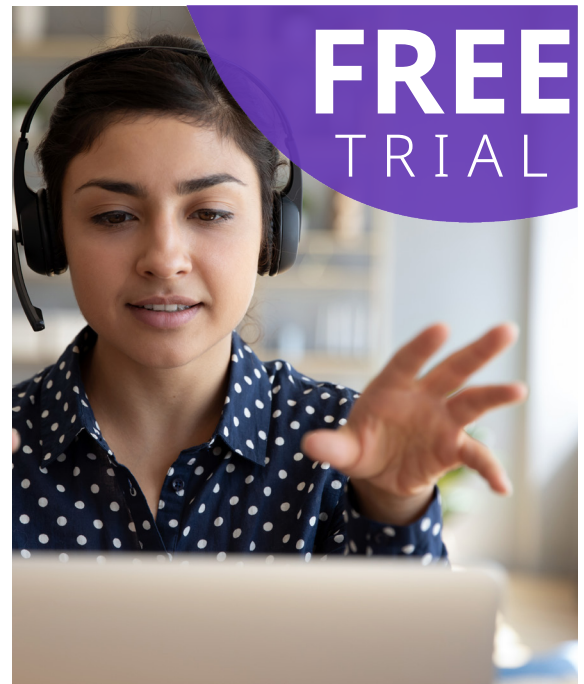

- **Deliver active, impactful learning to a dispersed learning community**
- **Simplify teachers' lives so they can focus on teaching, not on technology**
- **Enable employees to perform their best and reach their potential**
- **Produce a motivated, autonomous and highly-trained workforce**

Try a dedicated remote learning platform FREE for three months featuring:

- UNLIMITED Rainbow™ Classroom by Alcatel-Lucent Enterprise licenses per organization for trainers and trainees
