Try Rainbow Classroom
FREE for three months

FREE
TRIAL

Social learning helps your students engage and reach their potential whether in class, online or in a hybrid environment. Create interactive classrooms that connect from campus, home, or anywhere else, with a simple web browser and internet connection to:

- **Deliver active, impactful learning to a dispersed learning community**
- **Simplify teachers' lives so they can focus on teaching, not on technology**
- **Enable students to perform their best and reach their potential.**

Try a dedicated remote learning platform FREE for three months featuring:

- UNLIMITED Rainbow™ Classroom by Alcatel-Lucent Enterprise licenses per organization for teachers and students
- Standalone and LMS integration versions available
